NUMERICAL COUNTY ROAD INDEX and TOWNSHIP ROAD INDEX tables listing road names, locations, and numbers.

ALPHABETICAL COUNTY ROAD INDEX table listing road names, locations, and numbers.

LAWRENCE COUNTY DATA table with statistics: Area 449.90 Square Miles, County Seat City of Ironton, Number of Townships 14, Population (2000) 62,900.

ROAD MILEAGE table: State 185.19 Miles, County 380.66 Miles, Township 368.67 Miles, Municipal 94 Miles, Total 1,028.52 Miles.

Highest point in the County is in Decatur Township, Section 36, elevation 1,055 feet. Lowest point in the County is on the Ohio River, elevation 515 feet.

Address indicates the distance in miles either north or south from the beginning point of each road. Beginning points of the map are shown in black at one mile intervals along the State and County roads.

States, counties and township roads and streets are identified by their assigned road number to avoid the use of duplicate or unofficial names.

Private roads and drives are also numbered with private roads generally over 1000 feet long and private drives shorter. The private road number is actually its "address" along the main road to the right and even numbered roads to the left.
